*PRODUCT INFORMATION*

10610

**C.R.D.**

*Chrome Roller Desensitizer*

 **Product Overview**

C.R.D. will keep ink from building up on metering and dampening rollers

Using a blend of micro filtered gum and desensitizers is what makes **C.R.D.** an effective, long lasting treatment for all dampening / metering rollers.

Used on a regular basis **C.R.D.** will minimize ink build up and maintain a highly water receptive film at the roller surface.

 **Product Benefits**

- Easy to apply
- Long lasting
- Keeps metal rollers water attractive
- Keeps ink from building back up on metering roller

 **Recommendations for Use**

Clean built-up ink off metering roller, pour **C.R.D.** onto a clean sponge or shop towel, wipe metering roller with a side-to-side motion until entire roller has been treated.

Treat all dampening rollers in the same manner.
